- Sparta CUSD 140
- Sterling CUSD 5
- Township HSD 214
- Unity Point CCSD 140

From February 1 - June 30, 2018, schools participating in the IL-EMPOWER Pilot Program will choose a professional education partner based on needs in three “drivers” of system change: Culture and Climate, Curriculum and Instruction, and Governance and Management.

Approved partners:

The IARSS and your local ROE/ISC are approved partners in all three areas and are prepared to help support school districts to achieve an increase in student success.

Since 1865, regional superintendents of schools have served Illinois and provided safety, service and success to districts across the state. ROEs provide positive leadership and serve as a source of information for educators, school districts and the public.

Regional Offices of Education consistently provide:

- Safety (Health Life Safety, Bus Safety, Background Checks)
- Support (Licensure, Professional Development, Compliance)
- Success (High School Equivalency, Safe School Programs and School Recognition)

Pilot schools will work with local ROEs and ISCs as well as tap into the wealth of experience and knowledge of personnel from IARSS offices from across the state.

ROEs & ISCs – Your Partners: Past, Present and Future

Regional statewide system of support with data driven results:

- 87,000 participants
- over 6,500 sessions with 95% of districts served
- Impact reported 94% utilized knowledge and skills from trainings,
- 76% reported changing instructional practices
- 6 out of 10 shared or reviewed resources locally

Pilot schools are encouraged to contact their local ROE/ISC for more information on this partnership.
